All-

It appears that we are about to bring closure to this, however, I am asking if Josh can call CIM to clarify how important the timing is to bring immediate closure.

Either Marcus or myself will reach out to Josh on Monday to cover the specifics.

At the meeting, Logan conveyed to the attending FERC staff the details of GSA's efforts to complete the lease transaction and re-start the swing space design with OTJ. Was this successfully information passed on to you?

Josh - my apologies - the swing space lease has not been signed. More pressure is being applied.
